And, further, that on or before July 1st of each year thereafter, every member shall supply the same proportion of bulls of same usefulness and quality, to all female cattle of above age of which he may then be the owner.

Proved violation of the above shall be a proper sub-

ject of complaint, penalty to be decided by a majority of all members of the Association present at any annual meeting.

2. *Resolved*, That no member shall gather cattle on any range not his own, without informing the ranchmen in the neighborhood of his intention and giving them fair opportunity to examine the cattle before driving them away.

3. *Resolved*, That the sense of this meeting be that all members of the Association should each year furnish one good, serviceable bull for each twenty (20) head of heifer calves branded, in addition to those already provided.
